

Online group supervision days 2021

Dates: Monday February 22 2021
Friday June 25 2021
Schedule: Between 9:30 am and 6:00 pm
Price: 130 € (107 € animation + 23 € VAT)

In order to support you in your practice without having to move from home, I offer online supervision days, according to the following arrangements:

We will adapt the duration of our work to the number of people who register for the supervision day:

For two people, we will plan 3h45,

For three people, we will plan 4h30,

For four people, we will plan 5 h15,

For five people, we will plan 6 h of work, to be spread over the day.

This organization allows us to confirm the group supervision as soon as two people register and adapt our working time and schedule to the number of people present.

Individual Supervision can be on request.

The supervision I give can be taken in account for the certification process for IFS practitioners.

Specifically:

- You register for the online group supervision day of your choice via the registration form, you confirm by paying the deposit by bank wire transfer.
- You keep the day free.
- At the latest 5 days before the supervision day, I will let you know the number of people who have registered, the schedule I am suggesting to you and I will send you the link for our Zoom meeting.
- You pay the balance of the supervision day at that time by bank wire transfer.
- We will use Zoom, which ensures very good quality in terms of connection, sound and image.
- You make sure you have a good internet connection, that you have downloaded the latest version of Zoom and that you have a quiet space.

Registration form

Last name: _____ First Name: _____
Street and N °: _____ Postal code and city: _____
Phone: _____ Email address: _____
